PROFESSIONAL SUMMARY

Passionate and results-driven Software Engineer with 3+ years of experience in mobile app development, specialising in Flutter. Skilled in building high-performance, scalable, and user-friendly cross-platform apps for Android and iOS using Clean Architecture and modern UI/UX principles. Delivered 4 production apps live on Google Play and the Apple App Store. Open to full-time or freelance opportunities worldwide.

WORK EXPERIENCE

Software Developer

July 2023 - Present

Live Informatics Deftsoft PVT LTD · Mohali, India

- Develop cross-platform Flutter apps for Android & iOS, owning the full release cycle through both stores.
- Architect scalable solutions with Clean Architecture, SOLID principles, and TDD.
- Integrate Firebase, REST APIs, TT Lock SDK, Google Maps, and payment gateways.
- Implement real-time chat, push notifications, match algorithms, and booking flows.
- Deliver pixel-perfect UI from Figma designs; optimise performance and reduce build size.
- Collaborate via Agile; manage App Store and Play Store submissions end-to-end.

Customer Service Associate

June 2022 - Dec 2022

iEnergizer (Pine Labs) · Noida, India

- Provided technical & account support for Pine Labs POS across merchant base in India.
- Resolved escalated issues efficiently, maintaining high customer-satisfaction scores.
